UTP SOLID LAN CABLE 305 m

CCA

Use

Data transmission, patch, structured cabling systems

Main characteristics

- Conductors interior CCA
- Box in cardboard
- Extraction System Cable plastic siliconed
- Cable length 305 m

CCA conductors

The instrument for the certification of category of the parameters can be found non-compliant.

Italian DESIGN

REFURBISHED COMPONENTS

RoHS COMPLIANT

CE

Technical Specifications

Model	UTP SOLID LAN CABLE 305 m	
Product code	**FCA16587**	**FCA16588**
Category	Cat. 5E UTP	Cat. 6 UTP
Certification category	The instrument for the certification of category of the parameters can be found non-compliant	
Inner conductors	4x2 (4 couples) - Rigid CCA (Copper-clad aluminium)	
Conductor cross section	24 AWG	
Isolation single conductors	Polyethylene	
Separator conductors	-	PVC
Connection system	EIA/TIA 568 A e B	
Outer sheath	PVC	
Cable length	305 m	
Cable color	Gray	
Reference metric progressive	Yes	
Warranty		
Standard	24 months
